The Wadleigh Memorial Library Board of Trustees hereby supports the Downtown Improvement Project in Milford, NH. We understand there will be additional changes to the plan before implementation which will be vetted by the Board of Selectman as well as the Library Trustees, as this project includes the Library parking lot.

While we know the plan continues to evolve and the ADA compliant spaces may need to be relocated, we have received assurance that the final plan will contain the required number of ADA compliant spaces for the Library parking lot and ADA compliant access to the building.

Signed,

Wadleigh Memorial Library Board of Trustees
