Enter number ordered:

Begonias (White or Rose)

Vigorous plants with 2-3 inch self cleaning blossoms held above glossy foliage until hard frost. Full sun to part shade. 18x18 inches. Do not space less than 18 inches. They get large. No deadheading. Cover if night temperatures drop below 40 degrees in spring.

White Begonia: _____

Pink Begonia: _____

Petunias

Vigorous spreading plants. Full sun. 15x30 inches. Do not space less than 28 inches. They get large. July 1 cut 1/3 of the longest stems to 4-6 inches. July 15 cut half the longest stems and August 1 cut the remaining stems. Repeat as necessary to keep flowering. If rejuvenated in this manner they will bloom until hard frost. Cover if night temperatures drop below 40 in spring.

Petunia: _____

Texas Red Salvia

Texas Red Hummingbird Salvia: Annual that attracts pollinators. Likes full sun to light shade. Likes well drained soil and even moisture. The plant will have more blossoms if first blooms are removed and plant is deadheaded throughout the season. Will last till first frost.

Salvia: _____

Dichondra Silver Falls

Full sun to part shade (4-6 hours of sun) 18" wide x trailing to 4' but can be maintained much shorter. Attractive silver foliage on vigorous trailing plant used in urns, planters and hanging pots.
